

**JAIME GUTHRIE/DANIELLE**

**ISLAND HEALTH**

**I will be seeing people on Wednesday April 22 between 10:30 and 2:45. I can offer prenatal and postnatal information, immunizations across the age spectrum, STI testing/counseling, Birth control, infant and child development ..... or if people just want to come by to meet and chat 😊**

**In the next few days, I will come up with a poster/ad that will include all available services as well as include a brief bio about myself and Danielle.**
