CHIMNEY SWEEP

DOES YOUR CHIMNEY NEED CLEANING?

WE'RE PUTTING TOGETHER A LIST OF COMMUNITY MEMBERS WHO NEED A CHIMNEY SWEEP.

PLEASE CONTACT ROBERTA WITH YOUR

NAME AND LOT NUMBER

TO BE ADDED TO THE LIST.

A FRIENDLY REMINDER

CREOSOTE IS A TAR-LIKE BUILDUP THAT CAN COLLECT IN YOUR CHIMNEY WHEN BURNING WOOD. IF LEFT TO BUILD UP, IT CAN CAUSE A CHIMNEY FIRE.

CREOSOTE POWDER HELPS BREAK DOWN THIS BUILDUP, MAKING IT EASIER TO REMOVE DURING CLEANING. ALWAYS FOLLOW THE PRODUCT LABEL AND CHECK THAT IT IS SUITABLE FOR YOUR WOODSTOVE.

POWDER DOES NOT REPLACE A CHIMNEY SWEEP —

REGULAR CLEANING IS STILL NEEDED!
