HEAT PUMP– TECHNICAL ISSUES

We would like to know if any residents are currently experiencing **technical issues with their heat pumps.**

This may include:

— Error codes appearing on the display

— Heat pump not turning on

— Heat pump shutting off unexpectedly

— Heat pump not producing heat

This information will help us identify which households are experiencing technical difficulties and determine what further action may be needed.

PLEASE NOTE: This notice is strictly for reporting technical issues with heat pumps. It is NOT for heat pump cleaning or routine maintenance requests.

If you are experiencing any of these issues, please provide your **name, lot number, and a brief description of the issue.**

Thank you for your cooperation!

ROBERTA SAVEY
HOUSING MANAGER
